

August 21, 2018

Good morning Somerset Community Residents:

SOI will be applying a seasonal turf grass fertilizer to the front yard areas August 30th (Thursday). We ask that you water-in the application on Friday, August 31st.

If anyone would like to receive a backyard application, we can do so for \$12.00. Please respond to the Services Team and plan accordingly to have back yard access available to the crew during the working hours of August 30th. If you know of a neighbor that would like to receive backyard service, please forward them this email and have them email the Services Team.

Thanks and have a great weekend.
